Research activities:

- January 2019 – : **Scientific responsible** of the sub-project conducted by the research team of the University of Crete as part of the program SoDaNet in Action. The act concerns the upgrading of data and metadata in the existing infrastructure SoDaNet, through the development of applications for the management of new data types (eg documents), new thematic data from the smart specialization platform (RIS) sectors such as: tourism, environment, agri-nutrition, and core metadata concerning research components that may exist independently of research (eg terms, queries, variables, classifications). It concerns the further development and upgrading of educational material, whether it concerns research and data stored in the infrastructure, research methodology and data management or research infrastructure development and design. Duration: 2019-2021.
- March 2014 – December 2015: **Scientific responsible** of the sub-project conducted by the research team of the University of Crete: “Elaboration and documentation of qualitative and quantitative data for deposit in the Greek Research Infrastructure for Social Sciences – Depositor of University of Crete”. The sub-project was part of the program “CESSDA EPAE–support and development of Greek partners for participation to the Consortia of European RIs within ESFRI /2006 “. Coordinator: University of Aegean - Department of Sociology, partners: a) Democritus University of Thrace - Department of Social Administration and Political Science, b) University of Peloponnese - Department of Social and Educational Policy, and c) University of Crete - Department of Sociology. Duration: 2013-2015.
- January – October 2010: **Scientific responsible** of the sub-project conducted by the research team of the University of Crete: “*Writing, collecting and editing of scientific articles concerning research infrastructure and secondary analysis in social research*”. The sub-project was part of the program “Feasibility study for the construction of a National Research Network and its contribution in the development and exploitation of the European Research Infrastructure CESSDA RI”. Coordinator: University of the Aegean - Department of Sociology, Partners: National Centre for Social Research-SDB, National and Kapodistrian University of Athens – Department of Political Science and Public Administration, Democritus University of Thrace – Department of Social Administration and Political Science, Panteion University – Department of Political Science and History, University of Peloponnese – Department of Social and Educational Policy, University of Crete – Department of Sociology
